

SECTION 1-1

SECTION G-G

Technical drawing of a door frame cross-section. The drawing shows a vertical frame member with a total height of 404. A horizontal member is attached to the side of the vertical member, with a height of 24 and a 45-degree angle. The width of the frame is 145.

Technical drawing of a rectangular plate. The overall dimensions are 404 mm in height and 105 mm in width. A hole with dimensions 24 mm by 45 mm is located near the bottom-left corner. The hole is positioned 24 mm from the left edge and 45 mm from the bottom edge. The drawing shows the hole with chamfered edges.

Technical drawing of a rectangular plate. The overall height is 270, the overall width is 145, and there is a rectangular hole with dimensions 20 x 45.

Technical drawing of a door frame showing dimensions: 404, 24 x 45, and 145.

Technical drawing of a door frame showing dimensions: 404, 24 x 45, and 137.

Technical drawing of a door frame section. The drawing shows a vertical section of a door frame with a width of 270 and a height of 145. A detail of the frame is shown with a width of 20x45.

Technical drawing of a rectangular plate. The overall dimensions are 340 (width) and 404 (height). The plate features a 3x3 grid of holes. The center hole has a diameter of $\varnothing 42$. The distance between the centers of adjacent holes is 220. The distance from the center of the leftmost hole to the left edge is 60, and from the center of the rightmost hole to the right edge is 60. The distance from the center of the topmost hole to the top edge is 60, and from the center of the bottommost hole to the bottom edge is 60.
